Teacher Kettab Aya Tesnim

■ Table of Contents

Lesson 01 — Adverbs of Manner (Adjective + -ly)

Lesson 02 — How to Write a Report (Survey Report)

Lesson 03 — Reported Speech in Questions (WH & Yes/No)

Lesson 04 — The Reported Speech — Statements & Changes

Lesson 05 — Forming Adjectives (-ful / -less) & Forming Nouns

Lesson 06 — The Silent Letters

Bonus — Stress in Compound Words

Bonus — Orders, Requests & Advice in Reported Speech

Lesson 01 — Adverbs of Manner

■ **Definition:** Adverbs of Manner tell us **HOW** something is done. They describe the way an action is performed.

Rule 1 — Forming Adverbs from Adjectives (Adjective + -ly)

■ **RULE:** Most adverbs of manner are formed from **adjectives** by adding **-ly** at the end.

Adjective		Adverb of Manner	Meaning
quiet	+ ly →	quietly	in a quiet way
slow	+ ly →	slowly	in a slow way
quick	+ ly →	quickly	in a quick way
loud	+ ly →	loudly	in a loud way
soft	+ ly →	softly	in a soft way
careful	+ ly →	carefully	in a careful way
beautiful	+ ly →	beautifully	in a beautiful way

Rule 2 — Adjectives Ending in -Y

■ **RULE:** If the adjective ends in **-y**, change the **y** to **i**, then add **-ly** → **-ily**

Adjective (ends in -y)	Change	Adverb
happy	y → i + ly	happily
easy	y → i + ly	easily
heavy	y → i + ly	heavily

Rule 3 — Adjectives That Do NOT Change (Same Form)

■■ Some adjectives keep the **SAME form** as adverbs — they do NOT add -ly:

late (adj) → **late** (adv) | **fast** (adj) → **fast** (adv) | **hard** (adj) → **hard** (adv)

■ **TRICK: Adjective + ly = Adverb | Ends in -y? Change y→i then add -ly (ily) | late / fast / hard = SAME for adjective and adverb, NO -ly added!**

Activity 1 — Choose the Correct Adverb to Fill the Gap

1 When my teacher talks too **quickly**, it is difficult to understand. (*slowly / quickly*)
.

2 I always study **hard** for a big test. (*hard / hardly*)
.

3 My dad used to shout **loudly** when he was angry. (*loud / loudly*)
.

4 Please try to behave **softly** when you meet my family. (*softly / quickly*)
.

5 She did **well** in her tennis match last week. (*well / goodly*)
.

6 She laughs **loudly** at my jokes. (*loudly / bigly*)
.

Survey Question (Direct)	Reported Speech (Indirect)
① Do you surf on the web?	I asked them if they surfed on the web.
② Where do you surf?	I questioned them where they surfed .
③ How often do you do it?	I asked how often they did it.
④ What for?	I asked what they surfed for.

Answers written in reported speech:

- 1 ② 07 informants said **that** they **surfed** at home and 03 of them said **that** they **did** it in a cybercafé.
- 2 ③ 07 of them told me **that** they **surfed** on the web every day, 03 of them said **that** they **did** it at the weekend, and none of them said they surfed occasionally.
- 3 ④ 06 of them answered **that** they **surfed** for chatting, 03 of them said **that** they **did** it for studying, and only one answered **that** he/she **surfed** the web to download videos.
- 4 ① I asked 10 informants **if** they **surfed** on the web and all of them answered **yes**.

Step 3 — Full Model Report Body (■■■■■ ■■■■■)

First, I questioned 10 informants aged between 15–18 if they surfed on the web; all of them answered yes. I asked them where they surfed; 07 informants said that they surfed at home while 03 of them said they did it in a cybercafé. **After that**, I asked them how often they did it; 07 informants said that they surfed on the web every day, 03 of them said that they preferred to do it at the weekend, and none of them said that they surfed occasionally. **Finally**, I asked them what they used it for; 06 informants said that they used it to chat, 03 of them told me that they used it for their studies and only one said that he used it to download videos.

Step 4 — Conclusion (■■■■■■■)

I noticed from my survey that **all teenagers like surfing on the web for different purposes**.

■ **TRICK: Report = 4 steps: (1) Title → (2) Topic Introduction → (3) Analyze Results (use Reported Speech!) → (4) Conclusion**

Lesson 03 — Reported Speech in Questions

■ **Definition:** Reported Speech is when we tell someone what another person said. We can use **direct speech** (exact words with quotes) or **indirect/reported speech** (without quotes, with changes in tense and pronouns).

There are TWO Types of Questions in Reported Speech

① WH Questions	② Yes / No Questions
WH words: what, when, where, why, how, who, which	Auxiliaries: am, is, are, was, were, have, has, had, do, does, did, will, would, can, could, may, might
These questions already have a WH word to use as the connector .	These questions have NO WH word , so we use IF as the connector.

① WH Questions — Formula

Formula: Subject + asked / questioned + **WH word** + Subject + Verb (changed) + rest of sentence ■■ Remove the auxiliary (do/does/did). Word order changes: **Verb + Subject** → **Subject + Verb**

Direct Speech: He asked her: "**Where** did you live?"

Reported Speech: He asked her **where** she had lived. ← WH word + S + V

Direct Speech: He asked me: "**What time** does the train leave?"

Reported Speech: He asked me **what time** the train left. ← remove "does", backshift

Direct Speech: He asked me: "**How old** are you?"

Reported Speech: He asked me **how old** I was. ← WH + S + V (no "that" needed!)

■ **TRICK: WH Question formula:** asked + WH word + Subject + Verb(changed). Remove do/does/did. Change word order from V+S → S+V. Change tense: present → past, did → had + past participle.

② Yes / No Questions — Formula

Formula: Subject + asked + **IF** + Subject + Verb (changed) + rest of sentence ■■ Use **IF** because there is NO WH word. Remove auxiliary (do/does/did/is/are). Word order: **Subject + Verb**

Direct Speech: She asked: "**Are** you going to the meeting?"

Reported Speech: She asked me **if I was** going to the meeting. ← IF + S + V

Direct Speech: She asked: "**Do** you have a computer?"

Reported Speech: She asked **if she had** a computer. ← IF + S + V (remove "do")

■ **TRICK: Yes/No Question formula:** asked + IF + Subject + Verb(changed). No WH word → use IF. Remove auxiliary (do/does/did/is/are). Change tense one step back into the past.

Changes in Time and Place Expressions (■■■■■ ■■■■■■ ■■■■■■)

Direct Speech		Reported Speech
Present → that		
now	→	at that moment
today	→	that day / at that day
Past → before		
yesterday	→	the day before / the previous day
last (week)	→	the (week) before / the previous week
(month) ago	→	(the month) before
Future → after		

tomorrow	→	the day after / the following day
next (year)	→	the year after / the following year
Place expressions		
here	→	there
this	→	that
these	→	those

■ **TRICK:** Present time words → 'that': now→at that moment, today→that day. Past time words → 'before': yesterday→the previous day, last week→the previous week. Future → 'after': tomorrow→the next day, next year→the following year. Place: here→there, this→that, these→those.

Lesson 04 — The Reported Speech (Statements)

■ **Definition:** Reported Speech is when we tell someone what another person said. We can use **Direct Speech** (exact words with quotation marks) or **Indirect/Reported Speech** (no quotation marks, with grammar changes).

Direct Speech vs Reported Speech — Structure

Direct Speech	Reported Speech
Structure: S + Rep. Verb + ":" + " S + V + "	Structure: S + Rep. Verb + that + S + V(changed) +
e.g. He said : "Sam writes a letter."	e.g. He said that Sam wrote a letter.
e.g. He said : "John writes a letter."	e.g. He said that James wrote a letter.

Common Reporting Verbs

said (■■■■) | told (■■■■■) | asked (■■■■) | ordered (■■■■) | advised (■■■■) | answered (■■■■■) |
mentioned | explained | confirmed

The 3 Main Changes When Using Reported Speech

① **Removing punctuation marks (" " : , ?) and replacing them with that**

Direct Speech: Lilia said: "I love this city."

Reported Speech: Lilia said **that** she **loved that** city.

② **Changing the Tense of the verb — when the Reporting Verb is in the Past**

Direct Speech Tense	→	Reported Speech Tense
Present Simple (writes)	→	Past Simple (wrote)
Present Perfect (has written)	→	Past Perfect (had written)

Present Continuous (is writing)	→	Past Continuous (was writing)
Past Simple (wrote)	→	Past Perfect (had written)
Modals: must	→	had to
may	→	might
will	→	would
can	→	could
shall	→	should

■ **TRICK: Reporting Verb in PAST** → Verb shifts **ONE** step back. **Reporting Verb in PRESENT** → verb **STAYS** the same (no backshift)! e.g. He says that he goes... vs He said that he went...

■■ **Exception:** When the Reporting Verb is in the **Present tense** (says / tells / explains...), the verb in the reported clause does **NOT change** its tense. Example: He **says** that he **went** to school. ← verb stays as it is Compared: He **said** that he **had gone** to school. ← verb backshifted

③ Changing the Subject (Pronoun) of the Reported Clause — according to the Reporting Clause

Direct Speech: He said: "I went to school."

Reported Speech: He said that **he** had gone to school. ← "I" becomes "he" (same person who spoke)

■ The pronoun changes to match WHO the original speaker was. If **He** said the sentence → "I" in the quote becomes **he** in reported speech. If **She** said it → "I" becomes **she**. If we don't know who → look at the reporting clause (He said / She said...)

■ **TRICK: 3 Changes in Reported Speech:** (1) Remove quotes, add 'that' (2) Change tense one step back (only if reporting verb is past) (3) Change pronouns to match the speaker

Lesson 05 — Forming Adjectives & Forming Nouns

Part A — Forming Adjectives with -ful and -less

■ We can form **adjectives** by adding **-ful** or **-less** to some nouns. Noun + -ful = Adjective (having a quality / full of) Noun + -less = Adjective (without / lacking)

Noun	+ ful	+ less	Noun	+ ful	+ less
worth	—	worthless	beauty	beautiful	—
harm	harmful	harmless	care	careful	careless
delight	delightful	—	success	successful	—
price	—	priceless	truth	truthful	—
use	useful	useless	hope	hopeful	hopeless

■ **TRICK:** -ful = HAS the quality (harmful = has harm). -less = WITHOUT the quality (harmless = without harm). Same noun can take BOTH: careful / careless, hopeful / hopeless, useful / useless.

Part B — Forming Nouns with -ness, -ation, -tion, -ion

■ We can form **nouns** in two ways: **A)** Adjective + **-ness** = Noun **B)** Verb + **-ation / -tion / -ion** = Noun

Word	Noun Formed	Word	Noun Formed
direct	direction (-tion)	consume	consumption (-tion)
act	action (-ion)	happy	happiness (-ness)
kind	kindness (-ness)	classify	classification (-ation)
describe	description (-tion)	decide	decision (-ion)
inform	information (-ation)	sad	sadness (-ness)
rude	rudeness (-ness)	confuse	confusion (-ion)
tender	tenderness (-ness)	educate	education (-ation)

■ **TRICK:** **-ness** added to **ADJECTIVES** (*kind*→*kindness*, *happy*→*happiness*, *sad*→*sadness*).
-ation/-tion/-ion added to **VERBS** (*describe*→*description*, *inform*→*information*, *act*→*action*). Drop
 silent **-e** before adding suffix (*educate*→*education*, *decide*→*decision*).

Activity 1 — Add '-ful' or '-less' to form Adjectives

Look at the table above and practise: some nouns take -ful, some -less, and some take BOTH.
 Examples: harm → **harmful** / **harmless** | use → **useful** / **useless** | hope → **hopeful** / **hopeless**

Activity 2 — Add '-ness', '-ation', '-tion', '-ion' to Form Nouns

Use the table above to practise. Remember: • Adjectives + **-ness**: *kind* → *kindness*, *happy* → *happiness*, *sad* → *sadness* • Verbs + **-ation** / **-tion** / **-ion**: *inform* → *information*, *act* → *action*, *decide* → *decision*

Lesson 06 — The Silent Letters (■■■■■■■ ■■■■■■■■)

■ **Definition:** A **Silent Letter** is a letter that is written in a word but **not pronounced** when we say the word out loud.

Rules for Silent Letters — Patterns to Remember

Pattern	Silent Letter	Examples
W + r at the start	w is silent	<i>write, wrong, wrist, wrap</i>
-mb at the end	b is silent	<i>climb, lamb, comb, bomb, thumb</i>
K + n at the start	k is silent	<i>know, knee, knife, knight</i>
Vowel + gh	gh is silent	<i>daughter, right, light, night, flight</i>
W + h at the start	w is silent (sometimes)	<i>what, where</i> ← NOT always silent in British English
b + t	b is silent	<i>doubt, debt</i>
u, a, o + l in the middle	l is silent	<i>half, could, should, would, calf</i>
Pn, Ps, Pl at the start	p is silent	<i>psychology, pneumonia, pneumatic</i>
t in certain clusters	t is silent	<i>castle, listen, rapport,ourmet</i>
h at the start (some words)	h is silent	<i>hour, honest, heir, honour</i>

■ **TRICK:** *Wr-* → *w silent (write)*. *-mb* → *b silent (climb)*. *Kn-* → *k silent (know)*. *Vowel+gh* → *gh silent (daughter, right)*. *-bt* → *b silent (doubt)*. *ould/alf* → *l silent (could, half)*. *Pn-/Ps-* → *p silent (psychology)*. *Hour/honest* → *h silent*.

Activity 1 — Cross Out the Silent Letter in Each Word

Find and cross out the silent letter in each word:

• answer (w)	• island (s)
• autumn (n)	• knife (k)
• castle (t)	• know (k)

• climbed (b)	• listen (t)
• column (n)	• often (t)
• could (l)	• right (gh)
• cupboard (p)	• should (l)
• daughter (gh)	• talk (l)
• flight (gh)	• Wednesday (d)
• foreigner (g)	• world (l)
• half (l)	• write (w)
• honest (h)	• wrong (w)
• hour (h)	• yacht (ch)

Bonus Lesson — Stress in Compound Words (■■■■■ ■■■■)

■ **Compound Words** are words made of **TWO parts** (two words joined together). Example:
news + paper = newspaper (■■■■■)

Rules for Stress in Compound Words

Rule	When...	Stress falls on...	Example
Rule A	Compound word is a NOUN	The 1st part (first word)	<i>NEWSpaper, FOOTball, TOOTHbrush</i>
Rule B	Compound word is an ADJECTIVE or VERB	The 2nd part (second word)	<i>bestSELLER, easy-GOing, good-LOOKing</i>

Special Rule — Words Ending in -ic, -ian, -cal, -ation

■ RULE: For words ending in **-ic, -ian, -cal, -ation**, the stress falls on the **penultimate syllable** (the 2nd syllable from the END).

Word	Stressed Syllable	Word	Stressed Syllable
atomic	a·TOM·ic	proverbial	pro·VER·bi·al
comedian	co·ME·di·an	strategic	stra·TE·gic
operation	op·er·A·tion	physical	PHYS·i·cal

Extra Rule — 2-Syllable Words (Verb vs Noun/Adjective)

Part of Speech	Stress Rule	Example
Verb (■■■■)	Stress on the 2nd syllable	<i>re·CORD, pre·SENT, per·MIT</i>
Noun / Adjective	Stress on the 1st syllable	<i>REC·ord, PRE·sent, PER·mit</i>

■ **TRICK: Compound NOUN** → stress the **FIRST** part (**NEWS**paper, **FOOT**ball). **Compound ADJ/VERB** → stress the **SECOND** part (**best-SELLER**, **easy-GOING**). **2-syllable word: VERB** → stress 2nd | **NOUN** → stress 1st. **-ic/-ian/-call/-ation** → stress the syllable **BEFORE** the suffix.

Activity — Underline the Stressed Syllable

Find the stressed syllable in each of these words:

• essential → <i>es·SEN·tial</i> (-ial → stress penultimate)	• trial → <i>TRI·al</i> (noun → stress 1st)
• physic → <i>PHYS·ic</i> (-ic → stress penultimate)	• information → <i>in·for·MA·tion</i> (-ation → stress penultimate)
• quiet → <i>QUI·et</i> (noun/adj → stress 1st)	• invent → <i>in·VENT</i> (verb → stress 2nd)
• reform → <i>re·FORM</i> (verb → stress 2nd)	• lovely → <i>LOVE·ly</i> (-ly → stress 1st)
• denial → <i>de·NI·al</i> (-ial → stress penultimate)	• climatic → <i>cli·MAT·ic</i> (-ic → stress penultimate)
• perfection → <i>per·FEC·tion</i> (-tion → stress penultimate)	• husband → <i>HUS·band</i> (noun → stress 1st)
• window → <i>WIN·dow</i> (noun → stress 1st)	• money → <i>MON·ey</i> (noun → stress 1st)
• football → <i>FOOT·ball</i> (compound noun → stress 1st)	• pancake → <i>PAN·cake</i> (compound noun → stress 1st)
• weekend → <i>WEEK·end</i> (compound noun → stress 1st)	• easy-going → <i>easy·GO·ing</i> (compound adj → stress 2nd)
• good-looking → <i>good·LOOK·ing</i> (compound adj → stress 2nd)	• well-known → <i>well·KNOWN</i> (compound adj → stress 2nd)

Bonus Lesson — Orders, Requests & Advice in Reported Speech

These are special types of reported speech where the original sentence is NOT a statement but a **command, request, or piece of advice**. They follow a special formula.

① Order (■■■■■)

■ **RULE:** When the direct speech is a **command** (starts with a verb), use: Subject + **ordered / told** + object + **TO** + base verb ■■ Remove the subject inside quotes. Keep the verb as base form. Add **TO** before the verb.

Direct Speech: He ordered me: "**Stop playing here!**" ← verb (imperative)

Reported Speech: He ordered me **to stop** playing there. ← add TO + verb

■ **What changes?** ① We add **TO** before the verb. ② We remove the subject (you) and the modal inside the quotes. ③ Place word changes: here → **there**.

② Request (■■■)

■ **RULE:** When the direct speech is a **request** (uses 'can you / please'), use: Subject + **asked / requested** + object + **TO** + base verb ■■ Remove 'can you' / 'please'. Remove the modal. Add **TO**.

Direct Speech: He asked me: "**Can you speak louder, please?**"

Reported Speech: He asked me **to speak** louder. ← remove "can you" + "please", add TO

■ **What changes?** ① Remove the word '**please**'. ② Remove the modal '**can you**'. ③ Add **TO** before the verb. ④ Change the subject to match the reporter.

③ Advice (■■■■■)

■ **RULE:** When the direct speech gives **advice** (uses 'you should'), use: Subject + **advised** + object + **TO** + base verb ■■ Remove 'you should'. Add **TO**.

Direct Speech: He advised her: "**You should** see a doctor."

Reported Speech: He advised her **to see** a doctor. ← remove "you should", add TO

■ **What changes?** ① Remove 'you should'. ② Add **TO** before the verb. ③ Keep the rest of the sentence the same.

Master Summary — Orders vs Requests vs Advice

Type	Reporting Verb	Connector	Remove from Direct Speech
Order (■■■■)	ordered / told	TO + verb	Subject (you) + verb becomes TO + base verb
Request (■■■■)	asked / requested	TO + verb	'can you' + 'please' + modal
Advice (■■■■■)	advised	TO + verb	'you should'
Negative (don't / should not)	ordered / warned / advised	NOT TO + verb	'don't' or 'should not' → not to

■ **TRICK:** ORDER = told/ordered + TO + verb. REQUEST = asked/requested + TO + verb (remove 'can you'/'please'). ADVICE = advised + TO + verb (remove 'you should'). NEGATIVE = not to + verb (replace don't/should not). ALL THREE use TO + verb — just the reporting verb changes!

■ **Excellent work! You have completed all lessons of Unit 02. Keep practising every day — you are doing great! — Teacher Kettab Aya Tesnim**
